2. Background

The Punjab State Cooperative Bank Ltd. was established at Shimla in the year 1949 as Apex Bank of three tier short term Cooperative Credit structure. There are 20 District Central Co-operative Banks having 820 branches in the State of Punjab and in the area of Chandigarh affiliated to it. The Bank was established to help to provide timely and adequate flow of credit to the farmers for agriculture and allied activities through PACS. The Bank has successfully completed more than Seven decades of service to the State of Punjab in general and to the rural and farming community in particular. The Bank and its affiliated DCCBs are fully automated with CBS (Finacle) running in all its branches as a service provided by M/s Wipro Ltd.

3. Scope

The Punjab State Co-operative bank intends to purchase around 2000 Micro ATMs in the first phase of the Project, which may increase to around 5 to 6 thousands in the coming two to three years. The objective to invite the EOI is to provide the demonstration of Micro ATM hardware along with understanding of software and various interface/gateway functionality. The micro ATM devices should comply with IBA, IDRBT, NPCI and UIDAI and formulated micro ATM 1.5.1 standards.

4. Minimum Technical Specifications

The Minimum specification of the Micro ATM should be as per details given below

S. No	Particular
1	Display: Large display IPS/TFT capacitive touch screen
2	Micro ATM should be NCMC contactless certified device, It should be capable of Card based Transaction, Aadhar Based Transaction.

3	Tamper detection capability
